

Enphase Energy Announces New Share Repurchase Program

Program Authorizes up to \$1 Billion of Shares of Common Stock to be Repurchased

FREMONT, Calif., July 27, 2023 (GLOBE NEWSWIRE) -- [Enphase Energy, Inc.](#) (NASDAQ: ENPH), a global energy technology company and the world's leading supplier of microinverter-based solar and battery systems, announced today that its Board of Directors approved a new share repurchase program with authorization to purchase up to \$1.0 billion of shares of its common stock.

"Given our confidence in our long-term strategy and the value we see in our stock, our board has authorized an additional \$1.0 billion for share repurchases," said Badri Kothandaraman, president and CEO of Enphase Energy. "Our significant free cash flow generation allows us to continue investing for the long term, while also opportunistically buying back stock through a repurchase program."

Enphase Energy's Board of Directors has recently authorized a new share repurchase program pursuant to which Enphase Energy may repurchase up to an aggregate of \$1.0 billion of its common stock. Subject to applicable rules and regulations, the stock repurchases may be made from time to time, through solicited or unsolicited transactions in the open market, in privately negotiated transactions or pursuant to a Rule 10b5-1 plan. The timing, price and volume of repurchases will be based on market conditions, relevant securities laws, and other considerations. The share repurchase program may be discontinued or amended at any time by Enphase Energy's Board of Directors and expires on July 26, 2026.
